Education

Parul Institute of Engineering and Technology — Vadodara, Gujarat
Bachelor of Technology in Computer Science and Engineering — 2022 – 2026
CGPA : 8.47

Experience

Java Web Developer | Certificate — Jan 2026 - Apr 2026
MaMo Technolabs LLP — Vadodara, Gujarat

- Developed backend services for FinVault, a digital banking application, using Java, Spring Boot, and microservices architecture.
- Built REST APIs for account management, money transfers, and transaction history using Spring Boot and MySQL.
- Implemented JWT-based authentication and API routing using Spring Security and Spring Cloud Gateway.
- Worked on integrating backend services with frontend application features and handling API errors.

Technical Skills

- **Languages** : Java | JavaScript | Python
- **Frontend** : HTML | CSS | React.js | Tailwind CSS
- **Backend** : Spring Boot | Node.js | Express.js | REST APIs
- **Database** : MySQL | MongoDB | Hibernate/JPA
- **Tools** : Git | GitHub | Postman | VS Code | IntelliJ IDEA
- **Core Concepts** : Object-Oriented Programming | DBMS | DSA | HTTP | Microservices

Projects

FinVault Banking System | GitHub Repo — Java, Spring Boot, React.js, MySQL, JWT, Microservices

- Developed a full-stack banking application using React.js, Spring Boot microservices, and MySQL.
- Implemented REST APIs for deposits, withdrawals, fund transfers, and transaction history, with JWT-based authentication.
- Integrated frontend and backend services, handled API errors, and implemented PDF statement generation.

Image Resizer | GitHub Repo | Live — HTML, CSS, JavaScript, TypeScript, Tailwind CSS, Git

- Developed a responsive web application to resize, compress, and optimize images for social media platforms.
- Improved image processing performance and user experience.
- Designed a clean, mobile-friendly interface using HTML, CSS, JavaScript, and Tailwind CSS.

HarvestHub | GitHub Repo — Java, Spring Boot, Spring Security, MySQL

- Implemented secure user authentication using Spring Security and OTP-based email verification.
- Developed Role-Based Access Control (RBAC) for Farmers, Retailers, and Wholesalers.
- Secured database credentials, API keys, and SMTP secrets using environment variables.

Certification

- Advance Course On Emerging Technologies (SAP - Edunet Foundation) | Certificate
- Database and SQL | Certificate

Achievements

- Solved 300+ Leetcode Problems strengthening problem-solving and algorithmic skills
